Low Squadron strength of IAF

*53. SHRI N.K. SINGH:
SHRIMATI JAYA BACHCHAN:

Will the Minister of DEFENCE be pleased to state:

(a) whether it is a fact that the squadron strength of Indian Air Force (IAF) is at an all time low with only 32 fighter units operational against the sanctioned strength of 39.5 squadrons;

(b) if so, the reasons therefor; and

(c) the steps taken by Government in the matter?

THE MINISTER OF DEFENCE (SHRI A.K. ANTONY): (a) to (c) Induction of new aircraft and replacement of existing aircraft as well as enhancing operational capabilities to meet the prevailing threat scenario is an ongoing process. The Government is fully aware of the needs of the Air Force and has taken a number of steps to fulfil their requirements. The air Force had a strength of 32 combat squadrons at the beginning of the Eleventh Plan against the authorised strength of 39.5 squadrons. With the planned induction of Su-30, Jaguar, Medium Multi Role Combat Aircraft (MMRCA), Fifth Generation Fighter Aircraft (FGFA) and the Light Combat Aircraft (LCA) during the period 2007-2022, the strength at the end of Eleventh, Twelveth and Thirteenth Plan periods is expected to increase to 35.5, 35 and 42 squadrons respectively. In addition, steps have been taken to upgrade the existing MiG-21, MiG-27, MiG-29, Jaguar and Mirage-2000 aircraft. Moreover, the induction of force multiplier like AWACS and Flight Refuelling Aircraft together with advanced weapon systems will greatly enhance the combat capability of the Indian Air Force.

Ban on import of Chinese toys

*55. SHRI BHARATKUMAR RAUT: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) what is the rationale behind the decision of the Directorate General of Foreign Trade in banning the import of Chinese toys;

(b) whether it is a fact that there were growing complaints about how safe they were for children;

(c) what is the likely impact of the ban on Indian market and society; and

(d) whether the Directorate is contemplating to increase its scope and ban more items from China?

THE MINISTER OF COMMERCE AND INDUSTRY (SHRI KAMAL NATH): (a) to (d) The prohibition on import of toys from China has been imposed in response to concerns of health and safety faced by users of Chinese toys. The prohibition is an interim measure during which the Government intends to examine the issue in detail, for Notification of mandatory standards applicable on toys in India. Application of mandatory standards on toys will have a positive impact on the society in terms of availability of safe toys for children in India.

Import Policy of the country is decided by the Government taking into consideration a large number of factors including the interest of the consumers and those of the producers. At present there is no proposal under consideration for banning import of any further items from China.
